

Irish Primary PE Association

Cumann Corpoideachais Bunscoile na hÉireann

CONFERENCE 2018

GALWAY

SATURDAY 24TH FEBRUARY ★ NUIG SPORTS CENTRE

The theme for this year's conference is 'Moving Forward: Physical Education for the future' and will have a strong focus on the upcoming review of the Irish primary curriculum. Attention will be given to potential future developments within primary PE through practical workshops relating to Gymnastics, Athletics, Dance, Games, Outdoor and Adventure Activities and Yoga, as well through two short addresses from guest speakers. Select one workshop from each row 1,2,3,4 outlined below. Please bring a change of clothes for all outdoor activities.

For more information, and to book your space, visit <https://tinyurl.com/IPPEAconference2018>

SELECT YOUR WORKSHOPS

Strategies to Manage Conflict and Behaviour during PE Class

Presenter: Jason Byrne, Scoil Chroí Íosa Galway

Have you ever had to interrupt a PE lesson to solve conflict between children? Have you had a particular student who couldn't help but get into a row during a game? This workshop will delve into some practical strategies we can teach our students of all ages, to help them better manage their emotions, and reduce incidences of conflict during games. These strategies can be applied as a whole school approach on the yard at break-times or to a single class during a PE lesson.

Gruffalo Gymnastics - Combining movement and story-telling in primary PE

Presenter: Dr. Elaine Murtagh, Mary Immaculate College, Limerick

This workshop will provide participants with exciting ideas for how to use popular children's stories as the stimulus for physical education. With a focus on gymnastics, the stories and characters in books such as "The Gruffalo" and "Stickman" will be used to explore key fundamental movement skills. This workshop is based on research carried out by Professor Mike Duncan at Coventry University that demonstrated that combining both movement and story-telling offer synergistic benefits in relation to physical and communication development.

Yoga – Balance for Body and Mind

Presenter: Ciara Delaney, IPPEA Committee Member, Yoga Teacher, PDST PE Advisor

This workshop will invite participants to explore an integrated approach to balance through yoga activities which can be applied to the Dance or Gymnastics Strands. Participants will learn how to incorporate both static and dynamic balances into sequences and a special focus will be placed on teaching children how to transfer their weight from one body part to another – arm balancing, headstands, and handstands. The workshop will conclude with relaxation activities, where participants will experience how yoga can be used to bring about a balanced state of mind; leaving children calm, alert and ready to learn.

Hop, Skip and Jump into Athletics

Presenters: Caitríona Cosgrave, IPPEA Secretary, Scoil Áine GNS, & Pauric Bolton, IPPEA Committee, St Fiacc's NS

Fundamental Movement Skills (FMS) are the basic building blocks of movement and a core element of physical literacy, because enhanced movement competence enables pupils to participate in a wide range of physical activities and settings. This workshop will focus on promoting the FMS of hopping, skipping and jumping within Athletics lessons. Activities for all ability levels will be explored and we will utilise resources from the 'Move Well, Move Often' Physical Literacy pack.

'Move Like This' – Gymnastics for Senior Classes

Presenter: Sandra McNulty, Our Lady of Mercy Primary School Sligo

This workshop aims to celebrate movement by providing teachers with a variety of games and ideas to support children's mobility, flexibility, strength, agility and balance. The workshop is fun, practical, and is based around the development of animal movements within lessons. These ideas can be implemented throughout any of the strands of the curriculum as starters or indeed can be used to support the teaching of Gymnastics more specifically.

Back to basics for a better future. Fundamental Movement Skills to fundamental movement of sport, through Children's Games.

Presenters: Jason Craughwell, Programme Coordinator, and Katie Codyre, Sports Development Officer, Galway Sports Partnership

Galway Sports Partnership (GSP) presents a workshop on the Games Strand of the PE curriculum. The workshop will look at fundamental movements and development of these into fundamental movement of sport. GSP presenters will look at the basic movements of sport and how to introduce them to children of all ages, expanding on the simple tasks and building them in to fun games based activities that are adaptable across ability levels.

Teacher/ Artist Partnership (T/AP) in the context of DANCE

Presenters: Marie O'Connell, Ardfert NS, Kerry & Maria Svensson, Dance Artist

This practical workshop will introduce teachers to the exciting national development that is Teacher/ Artist Partnership (T/AP) as a model of Continuing Professional Development (CPD) with particular reference to DANCE education. This initiative has provided 27 T/AP Facilitators based locally in Education Centres throughout Ireland. T/AP Residency Programmes are currently taking place in eighty primary schools nationwide. Presenters will use their experience of T/AP Residency in the context of DANCE education to inform participants through a practical workshop on the application of this model in the classroom with particular reference to the opportunities, challenges and benefits for teacher, artist, pupil and school community.

Orienteers run the country

Presenter: Conchúr Ó Muimhneacháin, Department of Education and Skills Associate

This workshop supports the engagement of children with maps and with physical activity through the medium of orienteering. You will be introduced to a number of progressive steps in nurturing map-reading skills and promoting healthy outdoor activity as part of a broad-based quality physical education programme.

Ar mhaith leat damhsa? Folk Dance

Presenters: Íta Seoighe, Gaelscoil Iarfhatha, Tuam and Mairéad Seoighe, St. Oliver Plunket NS, Galway

Join us for a lively and practical workshop exploring Folk Dance in the context of the Primary School PE Curriculum. Participants will learn some Irish dances and dances from other cultures suitable for teaching to children from 1st to 6th class. There will be an introduction to Seanós dancing with some of the basic steps taught and a short performance choreographed. Ideal preparation for the Céilí Mór le linn Seachtain na Gaeilge. Bigí linn!!

Teaching for Learning in Physical Education: What does it look like?

Presenters: Missy Parker (IPPEA & University of Limerick), Jessican Manigone (University of Limerick) Suzy Macken (Marino Institute of Education)

We talk of learning in physical education, but is it just rhetoric? What does learning in physical education look like in reality? What kinds of teaching skills are used to develop this kind of learning? The purpose of this workshop is to provide a practical experience in teaching physical education in a meaningful and enjoyable manner. Participants will experience the development of fundamental movement skills in a setting that allows for learning of the skills, knowledge and dispositions necessary for future engagement in physical activity.
