Erasmus Projects Updates

Erasmus + call 2023

- Need to be more selective due to limitation of EUPEA experts to participate.
- Less is more.
- One EUPEA board member must be committed in advance for any new project at the submission process. If the project is accepted then a EUPEA call will be made to all members for additional experts to accompany the board representative.

Call for new Projects.

- Physical Literacy for resubmission (RMR drafting of the proposal and opinions).
- HSSF 2024 (Marton Konya) application There are national coordinators who are doing the work and Xheni is doing the work on EUPEAs behalf based on Martin and Claude's earlier work over the years. (Accepted by EUPEA Board)
- ISCA Moving for Health resubmission (Eupea expert RMR -accepted)
- University of Porto (Fernando Parente) (Eupea expert Avelino -accepted)
- PE Teachers Association of Turkey Pickleball (accepted with EUPEA in an associate roll where we provide feedback only and maybe disseminate at the end of the project)

Cooperation and Advocacy

Nothing significant happened.

Inter Group workshop (Bruno) - PE Talk- Consequence of projects for Physical Education

Proposal of a model

- Topic: Primary PE in the Regions
- Each organisation chooses what is critical in their country and present.
- 3 mins. presentation x 5 countries
- e.g., Portugal-joint letter sent to the Ministry about the state of PE in primary schools.
- Min 2 months' notice for a PE Talk
- Open Discussion
- Each region picks a country and *critical point*; how can we change the situation?
- Susan IPPEA critical incident the New Curriculum framework and implications for PE)
- e.g., Bruno from Frances gave his countries critical incident as Movement in the Class (physical activity approach). Minister of Education in France has added 2 more hours of sport in schools and not PE.
- Discussion then took place on EUPEA's definition on PE PA Sport. Eupea to add to the website -About Us Tab a clear definition of PE.

Topic for next Board meeting: Trnava Primary PE, information about the Prime Pete and Quality PE

- Ask Regions to bring information on Primary PETE.
- Working group to be led by Marcos.

Actions:

- See the lovely resources that may be useful to your teaching from Erasmus + projects.
